Range hrang hrang pawhin anmahni huam chhung theuha School-ah leh mipui nawlpui zingah a theih ang angin zirtirna an pe bawk.

Heng hun hmanna hrang hranghian pamphlets an sem a, poster leh banner pawh a remchan dan ang angin an tar bawk a ni.

SIAHA:

On 14th February 2025 at 7:30 AM, the District Level Fire Prevention Committee, Siaha, conducted a Fire Prevention Week 2025 awareness campaign. The event was held at the Forest Conference Hall, MADC, where the Chairman, District Level Fire Prevention Committee, Pu V.L. Hruaizela Khiangte, Deputy Commissioner, Siaha, addressed the gathering. The event was attended by various officials, including the Deputy Commissioner, Siaha, and representatives from the Forest Department, MADC, and the local community.

The Deputy Commissioner, Siaha, emphasized the importance of fire prevention and the need for the community to be aware of the risks and take necessary precautions. He also highlighted the role of the Forest Department and MADC in fire prevention and the need for the community to work together to prevent fires. The event was a success and the community was encouraged to take necessary precautions to prevent fires.

The Deputy Commissioner, Siaha, also announced that the Forest Department and MADC will be conducting a fire prevention campaign in the district. The campaign will involve the distribution of fire prevention materials, the conduct of fire prevention training, and the conduct of fire prevention drills. The Deputy Commissioner, Siaha, also announced that the Forest Department and MADC will be conducting a fire prevention campaign in the district.

EK PED MAA KE NAAM/PLANT4MOTHER

The tree plantation campaign Ek Ped Maa Ke Naam/Plant4Mother was carried out throughout the State under the aegis of Mizoram Forests Department. This campaign was inaugurated by the Prime Minister of India on the occasion of World Environment Day i.e on June 5th, 2024. The essence of 'Ek Ped Maa Ke Naam' is a symbolic gesture—planting a tree in the name of one's mother. This simple act serves a dual purpose: honoring the role of mothers in nurturing life and contributing to the health of the planet. Trees are life-sustaining, and just like a mother; they provide sustenance, protection, and a future for the next generation. Anyone can participate in this campaign and create a lasting memory, planting a tree as a living tribute to their mothers, while also addressing the pressing need for environmental preservation.

Saplings were provided by the State Forest Department free of charge for anyone willing to participate in the campaign. All territorial divisions and wildlife divisions of the Forest Department the including individuals, organizations, government departments, NGOs, schools, colleges, institutes etc. have extensively contributed towards carrying out the campaign in their own capacity. School students were seen planting saplings along with their mother which clearly signifies the theme itself 'Plant4Mother'

The reports of plantation were received from all the Territorial Forest Divisions and Wildlife Divisions

of the Forest Department, other Govt. departments, individuals, NGOs, Village Councils, Uniform Personnel at the PCCF Office where the nodal cell for the purpose uploaded the photos and videos along with other details in the portal. There were some institutes who have directly uploaded their reports on the portal viz. Saitual College, Mizoram University, Sainik School Chhingchhip, Sericulture Dept., RD Block Bungtlang South, KVK Champhai District, G' COY BOP Malsuri 184 BN BSF, CRPF, Prashar Bharati: Akashvani Lunglei, Food Supply Dept., EIACP Hub.

A total of 5,04,709 (Urban-14,175; Rural-4,90,534) tree plantations were uploaded in the MeriLife Portal. Further, the MoEF&CC has announced to undertake One Day Special Plantation Drive on 17.09.2024 and a total of 14,339 saplings were planted across Mizoram on this occasion.

With monsoon approaching, tree plantations can be carried out by anyone who desires to plant trees in the name of their mothers or for the environment. The Environment, Forests & Climate Change Department is ready to provide necessary saplings free of charge. Tree saplings can be collected from the nearest Range Office or DFO Office who is willing to take part in any kind of plantation. Once planted, details of tree planting along with geo-tag photographs is to be uploaded in the MeriLiFE Portal.

KEIMAHNI
